REDLANDS PASSENGER RAIL PROJECT PUBLIC INFORMATION MEETINGS

Project team members will present a new, phased approach to starting passenger rail service between the City of San Bernardino and the University of Redlands. These meetings will be an opportunity for the public and interested parties to offer comments and ask questions. Displays illustrating key parts of the projects will be available to review. A presentation will be made to provide more information on the costs, schedule, station area planning and other aspects of the Redlands Passenger Rail Project. A Q&A session will follow the presentation.
